**1576-C NYSID Ice and Floor Scraper, 51" Fiberglass Handle w/Cushioned Grip, D4129.** This product is industrial grade, 1-piece forged steel head, with a yellow fiberglass handle and a black cushioned grip. The head of the tool is 7" wide x 6" high. This versatile tool can be used to scrape ice, concrete, road or floor surfaces, as well as remove roofing, siding, and flooring. This is unlike any other NYSID offering on Schedule A of the List of Preferred Source Offerings. This item is produced by the ARC of Seneca Cayuga, a NYSID affiliated agency. Suppliers for this commodity include Keystone Vocational Services, Hermitage, PA and Jamestown Container, Rochester, NY. Disabled employees at ARC of Seneca Cayuga receive components in bulk. They spray lubricant inside the cushion grip and apply grip to handle, hammer the tang of the adapter until it is even, insert the tube into the slot on the adapter, drill holes in the lower handle, attach scraper head to the handle by inserting the rivet, apply sticker to upper portion of the handle, move assembled tool to warehouse, place tools into shipping boxes, seal and label for shipping. The new product line will provide 483.95 direct disabled labor hours annually, which equates to .248 FTE's. 93% of the labor will be provided by disabled employees. First year sales are estimated at \$26,789.00.
